IBEX

Comes to the URI Planetarium
University of Rhode Island Planetarium
Kingston Campus
Upper College Road
Friday, June 8, 2018
6:00 P.M.
Contact: Francine Jackson 401-527-5558

Much has been written as to where the solar system ends. Here, right above Earth, is a space craft with a mission as to where the influence of the Sun does just that. What has it learned? Is there any other proof as to how far the Sun is a factor within our galaxy? Come to the URI Planetarium and learn the extent of our neighborhood.

IBEX will be preceded by a short program on light pollution and its effects on the Earth, and followed by an introduction to

the Skies over our Heads.

Admission, to benefit the URI Planetarium Fund, is $5.00, and will include an image of the IBEX space craft.

The University of Rhode Island Planetarium is located on the URI campus, on Upper College Road, across from the Visitor Center. It is available for school and other group presentations. For further information, please call Francine Jackson at 401-527-5558.
